

The Museums of Western Colorado, Dinosaur Journey is seeking a **Paleontology Field Assistant** for Summer 2024.

Job Title: Paleontology Field Assistant

Position Status: Part-Time, Temporary, Non-Exempt

Supervisor: Curator of Paleontology

Positions Supervised: Volunteers & Public Participants

Salary: \$14.42 per hour

Position Overview:

The Paleontology Field Assistant will provide an engaging experience for participants on museum-led public excavations; provide logistical and scientific support for field work; assist with museum events and provide support for lab and exhibit work at the museum.

Examples of Duties:

The Paleontology Field Assistant works under the guidance of the paleontology curator and lab/collections manager to assist museum volunteers and public participants during excavations. Other duties may include work in museum collections, exhibits, or in the paleo lab. This position is an excellent opportunity to gain experience in basic quarry mapping, field exploration & collection techniques, communicating science to the public, collections management skills, and museums' role the stewardship of fossils on public lands.

Field work can be physically demanding and primarily outdoors, often in adverse weather conditions, including heat, biting gnats, and wind. The Paleontology Field Assistant may be required to hike in rough terrain in a hot, dry climate sometimes carrying heavy loads up to 40 pounds. Quarry work requires long periods of bending, stooping, and working in cramped positions. Work may be conducted in remote areas of public lands.

About the Position:

This is a seasonal/temporary, part-time position (35 hrs/week) that is primarily focused on field work and hands-on science education. The successful candidate will be outgoing and work with a team to lead excavations that promote stewardship and engage the public to recover fossils in established quarries, mostly within the Upper Jurassic Morrison Formation. The Paleontology Field Assistant will be responsible for training and mentoring public dig participants as citizen scientists and record data relevant to each site, including mapping and fossil identifications.

This position will run for approximately 12 weeks starting in late May and continuing through the middle of August. Exact start and end dates are negotiable.

About the Museum & the Dig Program:

<https://www.museumofwesternco.com/visit/dinosaur-journey/>

<http://www.dinodigs.org>

About the Area:

This position is based out of the Dinosaur Journey Museum in Fruita, CO, located 10 miles west of Grand Junction on Interstate 70. Summer housing (at no charge) may be provided in a camper trailer with full hook-ups and facilities at a campground near the museum. A personal vehicle is not required; however, applicants are advised that a personal vehicle or bicycle will help to access services such as groceries, doctors, and other amenities. Public transportation and bike routes are available in the area. Visit <http://GoFruita.com> to learn more.

Education and Skills Required:

- Bachelor's degree in paleontology or geology is preferred, but those close to completion of their degrees will be considered.
- A valid driver's license. The successful applicant must also complete a mandatory museum-provided passenger van operation course.
- Excellent interpersonal skills and the ability to communicate science to a broad age range and education level of public visitors.
- Must be able to lift up to 40 lbs. and work outdoors in excessive heat and uneven terrain.
- Good organizational skills, handwriting, and note taking.
- Familiarity with Colorado Plateau geology and paleontology is helpful, but not required.
- Must pass pre-employment criminal and driving background checks.

How to apply:

Send a cover letter, resume or CV, and the names, email addresses and phone numbers for two references via email to: Dr. Julia B. McHugh (jmchugh@mowc.co). Documents should be submitted in .pdf format. Hard copies will not be accepted.

Deadline for applications is February 20, 2024.

For more information regarding this position, contact:

Dr. Julia B. McHugh | jmchugh@mowc.co.

Equal Opportunity Employer

All qualified applicants will receive consideration for an internship, fellowship, or research assistantship without regard to race, color, sex, age, national origin, religion, disability, veteran status, sexual orientation, marital status, citizenship, or any other protected status.
